

In sub-Saharan Africa there is only one doctor for every 100,000 people, leaving people with devastating medical conditions and little access to the healthcare they desperately need. Mercy Ship's newest state-of-the-art hospital ship, **Global Mercy**, provides the surgical care needed in these impoverished areas.

Mercy Ships PSA, **Global Mercy**, shows the incredible impact the organization has on individual lives through the power of life-changing surgery and care by the volunteers and technology on board the **Global Mercy**.

When you air **Global Mercy** you play an indispensable role in propelling Mercy Ships forward, ensuring they can deliver life-saving healthcare to those who are in desperate need.
